P.O. Box 122; Willowmore; 6445

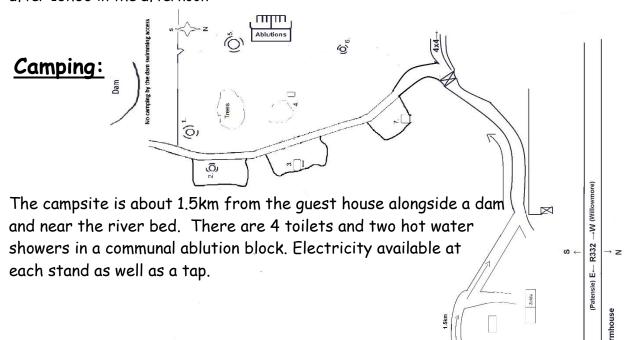

Our GPS coordinates are: 5 33°31'10.4 en E 23°54'43.0

There is no cellphone reception between Nuwekloof pass and Studtis (MTN East of Studtis). Wi-fi available at our house 1.5km from the campsite.

We are on the R332. 63km from Willowmore, gravel road 1h15min. From Willowmore we are accessible to any vehicle. We are 140km from Patensie – gravel road, of which 60km is in extremely poor condition. It will take you 4-5 hours from us to Patensie and your vehicle must have good ground clearance and at least diff lock.

If you are traveling through the reserve (east of Zandvlakte to west of Cambria) you will be required to pay a day visitors fee. Also you will not be allowed to enter the reserve after 16h00 in the afternoon

We have 7 stands on grass with built braais. 3 of the stands are big enough to cater for groups with two to four vehicles and tents.

Activities:

We have an amazing **hiking** trail - "The Waterkloof hiking trail". It takes about 1-3h depending on how far you want to walk and is something you should not miss. Also in Waterkloof we have 17 Rock climbing routes - grading between 16 and 34. There are more hiking opportunities from the campsite along the riverbed. There also is a 4x4 route onto the southern mountain range. You have free access to the rest of the farm to walk, **cycle**, or drive. Guest house guests may **picnic** at the campsite.

Bo-Kloof lies in the middle of the privately owned western section of Baviaanskloof and is a great place from which to **explore** the rest of the Kloof. The reserve starts 35km east of us should you wish to spend a day there.

Shopping:

We sell our own honey, honey vinegar ,-salad dressing and braaiwood is always available. You can order home baked bread and we provide braaipacks by prior arrangement.

Bookings:

It is necessary to book, especially for school holidays and weekends. 50% deposit payable upon reservation. No card payment facilities are available and guests who prefer not to pay the balance in cash are welcome to deposit the full amount before their stay.

Conditions of stay:

- 1. Please respect the right of other quests to peace and quiet.
- 2. We live in a large wilderness area with lots of wild animals including snakes. Be alert at all times. Do not feed or encourage monkeys or baboons to come closer. Remember: "A fed baboon is a dead baboon". Never leave anything edible behind. Our baboons and monkeys do not yet associate people with food and we wish to keep it that way.
- 3. Please do not remove any wood, stones, plants or plant samples. Dry firewood is available at reception.
- 4. Fires may be lit at designated sites only.
- 5. No graffiti or tree carving.
- 6. If you would like to swim at the campsite, please take responsibility for children and people who cannot swim well. The dam is very deep in most

places. Also take note that diving is not allowed and keep away from the pumps and electric power points.

- 7. Please do not litter. (Litter includes cigarette stubs!)
- 8. Please note that use of the camp site, dam, 4x4 or hiking trail are at own risk.
